ABOUT US

The Bubble Crew Prosecco Van was created in 2018 after it's owners Emily & Gary returned to England after a 10 year career in the hospitality industry on cruise ships.

We loved the idea of providing a memorable way to serve drinks at weddings and corporate events and in our second year expanded to serve at food and drink festivals in Norfolk. We pride ourselves on a reliable, hassle-free service and have poured at many events across East Anglia.

THE VAN

The Bubble Crew Prosecco Van is a converted Piaggio Ape with 2 taps available to serve your favourite drinks at your event! It's compact size means that it can fit inside or outside most venues. Take a look at our options and get in touch to secure your date.

THE BUBBLES

In 2009 the Italian authorities stipulated that sparkling wine produced in the prosecco region under certain conditions can only be referred to as "prosecco" if poured directly from the bottle. The same liquid stored in a keg is known as Frizzante. We serve the highest quality Vino Frizzante from the tap as well as bottled Prosecco.

ON THE DAY

We will always arrive an hour early to set up for your event and need a space of 3m x 3m for the van to be set up. We require power via a regular power socket unless a generator has been previously organised. We will always leave the area as we found it.
